University College London Hospitals NHS Foundation Trust

University College London Hospitals NHS Foundation Trust (UCLH) is one of the most complex NHS trusts in the UK, serving a large and diverse population. In July 2004, we were one of the first NHS trusts to achieve Foundation Trust status.

We provide academically led acute and specialist services, to people from the local area, from throughout the United Kingdom and overseas.

Our vision is to deliver top-quality patient care, excellent education and world-class research. We provide first-class acute and specialist services across eight sites:

- University College Hospital (incorporating the Elizabeth Garrett Anderson Wing)
- National Hospital for Neurology and Neurosurgery
- Eastman Dental Hospital
- Royal National Throat, Nose and Ear Hospital
- Royal London Hospital for Integrated Medicine
- University College Hospital Macmillan Cancer Centre
- The Hospital for Tropical Diseases

We are dedicated to the diagnosis and treatment of many complex illnesses. UCLH specialises in women's health and the treatment of cancer, cardiac, infection, neurological, gastrointestinal and oral disease. It has world class support services including critical care, imaging, nuclear medicine and pathology.

We are committed to sustainability and have pledged to become a carbon net zero health service, embedding sustainable practice throughout UCLH. We have set an ambitious target of net zero for our direct emissions by 2031 and indirect emissions by 2040.

UCLH Vision and Values

The Trust is committed to delivering top quality patient care, excellent education and world-class research.

We deliver our vision through [values](#) to describe how we serve patients, their families and how we are with colleagues in the Trust and beyond.

We put your **safety** and wellbeing above everything

Deliver the best outcomes	Keep people safe	Reassuringly professional	Take personal responsibility
---------------------------	------------------	---------------------------	------------------------------

We offer you the **kindness** we would want for a loved one

Respect individuals	Friendly and courteous	Attentive and helpful	Protect your dignity
---------------------	------------------------	-----------------------	----------------------

We achieve through **teamwork**

Listen and hear	Explain and involve	Work partnership in	Respect everyone's time
-----------------	---------------------	---------------------	-------------------------

We strive to keep **improving**

Courage to give and receive feedback	Efficient and simplified	Develop through learning	Innovate and research
--------------------------------------	--------------------------	--------------------------	-----------------------

Equality, Diversity, and Inclusion at UCLH

At UCLH, we take equality of opportunity seriously and are committed to being a diverse and inclusive employer, with a culture that creates a real sense of belonging and trust. Respect, inclusion, and sensitivity are hallmarks of quality of our care. That is why it is our fundamental aim, to recruit, retain and promote a diverse mix of people from all backgrounds, cultures, and perspectives, who are representative of our local communities to support our world class research, innovation, and creativity. We are proud to have 7 diversity networks that are owned and led by our staff which give a voice to all our staff to feed up to leadership of the organisation, including the Trust board, thus creating a sense of community and support and help drive cultural change to become a more inclusive organisation.

Our staff networks are:

- Race Equality and Culture Network
- Proud at UCLH (LGBTQIA) Network

- Women's Network
- Disability Network
- Mental Health Network
- Parent and Carers
- Multi Faith and Belief

Department / Division

Workforce Intelligence plays a critical role in enabling data-driven decision-making across the organisation by providing robust, accurate and timely workforce information. As a centre of excellence, the team delivers national and internal workforce reporting, supports statutory requirements, and drives strategic workforce planning.

We are the Trust's central hub for managing the integrity of workforce data within ESR, including position management, establishment control, cost centre alignment and reconciliation with the General Ledger. The team also oversees local data warehouse development and provides a responsive ESR support service to internal stakeholders.

Our department has been recognised for its impact and innovation, with multiple Trust-level award nominations and individual staff awards for excellence.

Job Purpose

To lead on the development, analysis and delivery of high-quality workforce intelligence that informs strategic and operational decision-making across the Trust.

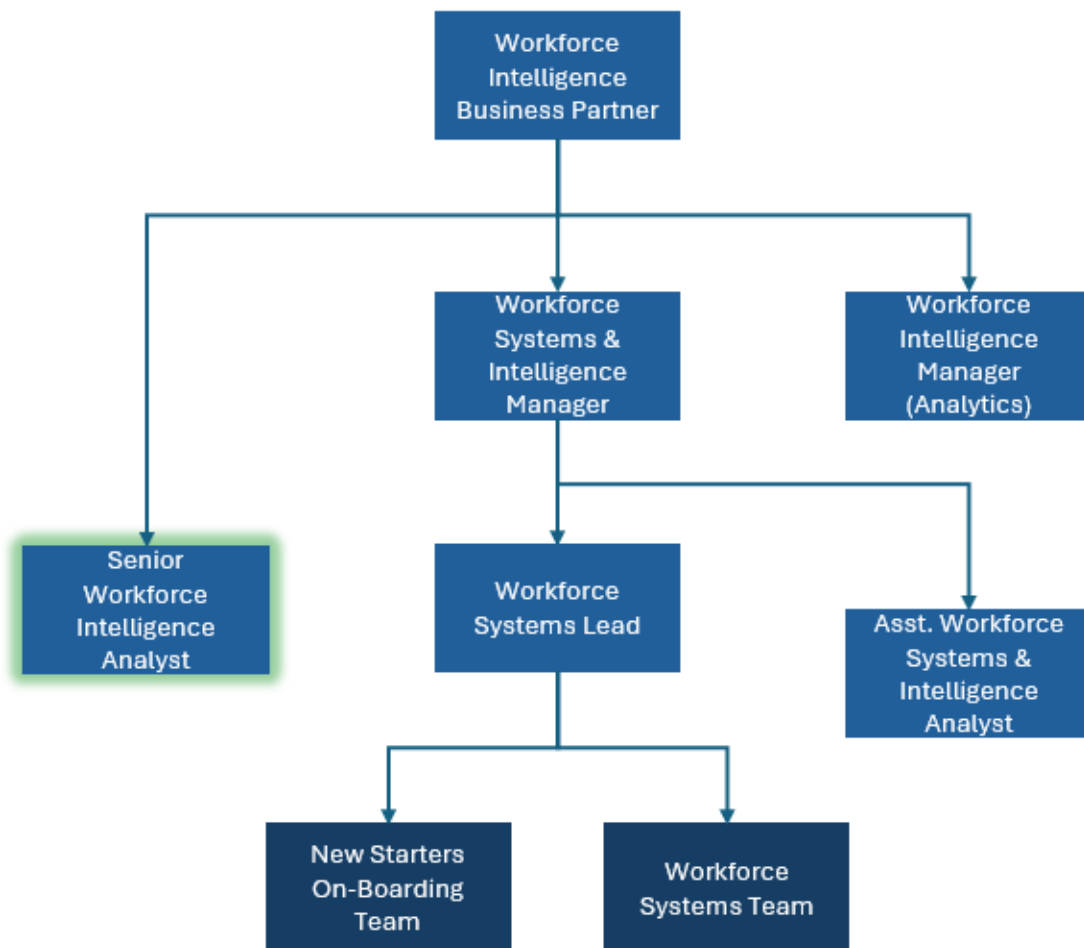

A key focus of the role is ensuring robust establishment control, including the accuracy, governance and maintenance of ESR position structures and alignment with financial systems.

The postholder will act as a subject matter expert in workforce data, ESR, establishment management and reporting, contributing to continuous improvement and supporting colleagues across the organisation.

Key Working Relationships

Internal	External
• Managers • Employees • Heads of Workforce, HRBPs • Recruitment Team • Medical Workforce Team • Temporary Staffing Team • Workforce Systems Team • Finance	• Bank Partners • Other Trusts within the local health community and their HR staff • University College London

Workforce Intelligence Hierarchy

Key Results Areas

Internal

Managers, Employees, Heads of Workforce, HR Business Partners, Recruitment Team, Medical Workforce Team, Temporary Staffing Team, Workforce Systems Team, Finance Business Partners, Finance

External

Bank Partners, Other NHS Trusts, University College London, NHS England, Department of Health, Office for National Statistics, NHS Shared Business Services, NHS Business Services Authority / ESR Central Team

Key Responsibilities – Personal

1. Responsible for attending all statutory and mandatory training programmes when necessary.
2. Responsible for ensuring that all personal actions and conduct comply with Trust policies and procedures.

3. Responsible for conducting Trust business with due regard to the Trust's stated values.
4. To keep oneself professionally up to date with changes in best practice, legislation, and Department of Health/NHS Employers guidance.

Main Duties and Responsibilities

1) Workforce Reporting and Analytics

- Develop and maintain a dynamic suite of workforce reports using ESR BI, Power BI and the local data warehouse.
- Produce regular and ad-hoc management information to support divisional and corporate decision-making.
- Interpret complex data sets and provide analytical insight to operational and clinical teams.
- Design and deliver standard and bespoke reports, including national returns such as ONS surveys.
- Work with stakeholders to ensure reporting needs are understood and met.

2) Data Quality and Governance

- Lead on improving workforce data quality to ensure UCLH remains in the top quartile nationally.
- Analyse national data quality reports and ensure corrective action is taken.
- Maintain high data quality standards to support accurate establishment control.
- Support the Trust in maintaining and improving its Workforce Validation Engine (WoVEN) score.

3) Cross-Trust Reporting Support

- Develop workforce dashboards in collaboration with Finance, Information and clinical teams.
- Represent Workforce Intelligence at Trust-wide meetings relating to reporting and dashboards.
- Support clinical and corporate teams to develop their own reporting capability and access workforce data appropriately.
- 4) ESR and Workforce Systems Support
- Provide expert advice to the Workforce Systems Team and wider stakeholders on ESR, data structures and workforce processes.
- Process bulk data uploads into ESR as part of monthly and ad-hoc requirements.
- Support responses to Freedom of Information requests, ensuring compliance with FOI and Data Protection legislation.

5) Establishment Control and Position Management (Enhanced Section)

- Lead on the governance, accuracy and maintenance of the Trust's establishment within ESR.
- Act as the subject matter expert for establishment control, advising managers, HRBPs and Finance on correct processes and data standards.

- Ensure all positions, hierarchies and cost centres are correctly configured and aligned with the General Ledger.
- Oversee the creation, amendment and closure of positions in line with Trust policies and national guidance.
- Monitor establishment changes, identify discrepancies and escalate risks or trends to senior stakeholders.
- Support the Workforce Intelligence Business Partner in developing improved controls, audit processes and reporting mechanisms relating to establishment management.

Other

The job description is not intended to be exhaustive, and it is likely that duties may be altered from time to time in the light of changing circumstances and after consultation with the post holder.

You will be expected to actively participate in annual appraisals and set objectives in conjunction with your manager. Performance will be monitored against set objectives.

Other Duties

- Contribute to ensuring UCLH meets its Top 10 priorities.
- Comply with Trust policies and procedures.
- Support continuous improvement initiatives to meet quality, financial and performance targets.
- Support the Chief People Officer in meeting workforce performance targets.
- Undertake tasks and projects as directed by the Workforce Systems & Intelligence Manager or Workforce Intelligence Business Partner.
- Support the development and analysis of an evolving portfolio of workforce metrics.

Safeguarding at UCLH

UCLH is committed to promoting the safeguarding and welfare of all adults and children. This responsibility is shared by staff and volunteers at UCLH as safeguarding is everyone's responsibility.

All staff are required to undertake regular safeguarding training in order to uphold the trust's commitment to caring and treating vulnerable adults and children; ensuring a safe environment for all.
